3.2. Whether to repair or replace the Product will be determined by Enershare in its sole discretion.

3.3. The Product or any of its parts to be replaced will have the same performance and reliability as the original Product. If the production of the relevant type of the Product or any of its parts has been discontinued, withdrawn from the market, or are otherwise unavailable, Enershare may replace the Product or parts with a similar Product or part (which may include previously used parts that are equivalent to new in performance and reliability).

3.4. If Enershare does not repair or replace the defective Product or parts, Enershare will refund Original Buyer an amount of money calculated as follows:

a) If the Product fails to comply with the Limited Performance Warranty in clause 1.3, Enershare may calculate the refund using one of the two refund formulas below:

i) $\text{Refund} = \text{maximum claim amount}^* \times (\text{warranted Minimum Throughput Energy} - \text{output energy of the Product recorded in the control module of the Product}) / \text{warranted Minimum Throughput Energy}$; or

ii) $\text{Refund} = \text{maximum claim amount}^* \times (\text{warranted remaining Useable Energy} - \text{remaining Useable Energy}) / \text{warranted Usable Energy}$; and

b) If the Product cannot be operated, Enershare will calculate the refund as follows:

$$\text{Refund} = (\text{maximum claim amount}^* / 120) \times (120 - \text{number of months since Warranty Start Date}).$$

*The maximum claim amount is the market value of the Product (or an equivalent product) determined by Enershare if it were purchased new and free of defects.

3.5. The remedies as set out above are the sole and exclusive obligations of Enershare to Original Buyer under this Limited Warranty, and Enershare will have no other liability to Original Buyer if the Product fails to comply with the Limited Warranty.

6.5. As a condition of making a warranty claim Original Buyer agrees that any dispute on technical facts relating to claims brought under this Limited Warranty may be referred by Enershare to expert determination by the then-current Resolution Institute Expert Determination Rules, except that:

- a) the expert must be a reputable testing organization such as TÜV Rheinland, TÜV SUD, Intertek, UL, CQC or CGC or any other mutually acceptable neutral third-party testing organization (Expert);
 - b) the costs of the Expert, including any costs of shipping any Product to the Expert for testing, are payable by Original Buyer if:
 - i) Original Buyer does not withdraw Original Buyer claim within 14 days of Enershare notifying Original Buyer that it intends to refer the dispute to an Expert; and
